Welcome to the Club

Welcome to Legacy Racing Club, where passion for horse racing meets success and unforgettable experiences. Our club is a vibrant community of like-minded individuals united by a love for the thrill of horse racing. With a team of experienced professionals at the helm, Legacy Racing Club is not just about racing; it's about creating memories and achieving success together, both on and off the course.

Club Values & Mission

At the heart of Legacy Racing Club lies more than just our passion for the sport; it's our deep commitment to community, excellence, and making a meaningful difference. We champion a fun, engaging, and successful racing experience built on integrity and shared spirit. As we pursue victories on the track, we also strive to champion positive social impact, empowering our members to contribute to causes that matter.

My Name's5 Doddie Foundation

My Name's5 Doddie Foundation carries a powerful yet simple vision: a world free of motor neuron disease. From its beginnings, the Foundation has become a force for hope, funding vital MND research and raising awareness across the UK.

A Unique Membership

Our Racing Club model ensures that members are given the opportunity to go racing as much as possible. Every racing enthusiast dreams of being on course in the Owners & Trainers, and we provide that throughout the year for our members. We are also increasingly aware that communication is key. That's why our Community has been built to put our members first, providing regular updates from the moment your horse enters the Racing Club, all the way onto the Racecourse.

Meet our Horses

Offiah's Boy

This 4yo gelding is in training with Joe Tickle, and is in the form of his life. Four wins from his last six starts cements this horse as a big improver! He remains a young horse who is improving for each run, and it's yet to be seen where his ceiling is. Not forgetting that he is looking very well-handicapped over hurdles.

Doddie's Impact

Our 2023 Brocklesby winner has been a brilliant servant to the Club, providing members with a day they will never forget. He is currently enjoying a break after a prolonged period in training, and will return this Autumn off a handicap mark that we feel he can remain competitive on.

Mcmanaman

This recently purchased 7yo son of Dark Angel boasts a handicap mark of 90 on the flat, having already surpassed £70k in career prize money! Having given members a brilliant day out at the Glorious Goodwood Festival, our attention now turns to all the big sprint handicaps throughout the Summer and Autumn, where he is sure to land a very nice pot.

Captain Cisco

Captain Cisco is a big, strong 5yo son of Ivawood that has a record of one win, and one fourth from two career starts. He has developed into a horse with plenty of ability, and is now back in training in Lambourn, based with Gary Brown. We are very excited to see this horse pick up from where he left off, giving members another opportunity for success!

Beaufort Breeze

Beaufort Breeze is in training with DJ Jeffreys in Cheltenham, and is an Irish point-to-point winner. He began his career over hurdles last season, taking members to Cheltenham on two occasions, and will now have his sights lowered in handicap company this Winter, conditions that will see him to best effect.

“MND IS NOT INCURABLE, IT'S JUST UNDERFUNDED.”

Our Footprint

The Legacy Group Racing Club has been built to ensure that everyone has something to enjoy. Our vibrant community of members are based across the entire United Kingdom, and our choice of stables and trainers is built around that. Our presence covers the entire country, with a southern base near Exeter, northern base in Yorkshire, and stables in both Cheltenham, the heart of National Hunt racing, and Lambourn. Our trainers are carefully selected to ensure they share the same belief in our approach to our horses. Our horses always come first, and through meticulous planning and purchasing, we always look at ways to improve our stock of horses each and every year.

Putting our Horses first.

Behind every racehorse's success story lies the meticulous guidance and care provided by our trainers. Their unwavering commitment to nurturing each horse's potential, combined with a deep-seated love for the sport, ensures that every horse entrusted to our care receives the highest standard of training.

DODDIE'S IMPACT: **THE BROCKLESBY CHAMPION**

This strong son of Pearl Secret was named in Doddie's honour. Doddie's Impact made a poignant start to his career as a racehorse, when winning the 2023 Brocklesby Stakes at Doncaster, the opening race of the turf season. Since then he has gone on to win again at Newcastle, based from his new stable in Malton, North Yorkshire under the care of trainer Ollie Pears. This horse represents the very best of Legacy Racing Club, and he has become a firm favourite amongst all of our members. This aptly named four-year-old is the very definition of strength and tenacity, and his winning thread is not over yet!

Supporting My Name's Doddie Foundation

Every stride towards a cure

When you become a member of Legacy Racing Club, your passion for the sport also drives vital progress in motor neuron disease research. In proud partnership with My Name's5 Doddie Foundation, we are committed to ensuring our racing success fuels a greater purpose.

About My Name's5 Doddie Foundation

My Name's5 Doddie Foundation fund, guide and enable the smartest, most efficient motor neuron disease research to accelerate the development of new treatments, and ultimately, a cure.

Our Commitment

For every Micro-Share Membership, **15% of all proceeds are donated directly to My Name's5 Doddie Foundation.** This not only helps raise awareness, but will directly accelerate research projects, provide essential support to those affected, and keep Doddie's legacy alive - proving that together, we can race towards a world free of MND.

Become part of the Legacy

Choose your membership tier and enjoy unforgettable racing experiences, while helping fund vital research.
